

THANK YOU

Respected Ma'am and Sir,

I sincerely thank you both for your guidance and support throughout the Computer Vision course. Your teaching made complex concepts like image processing, edge detection, convolution much easier to understand.

Both of you have not only taught me lessons from books but also valuable life lessons that I will carry with me forever. I am truly grateful to have such wonderful teachers in my life.

Thanking you for believing in me and supporting me at every step.

With respect and heartfelt gratitude,

S. Yaso Priya
